**Focal Exclusive Technologies**

4K 2.8Kp/30fps "Real-time" Facial Tracking System

Ultra High Res profiled motion capture system

Mid-range Proton "Flame" lighting system

Adjustable "MotionCapture" 3D Box

"W" optimized resolution system

System Proton Controller

Adjustable "Focus" Tool

Control panel with various buttons and indicators. The panel is divided into several sections, each with a different icon and label. The labels include "MOTION", "PROTON", and "FOCUS". The buttons are arranged in a grid-like pattern, with some having small icons next to them. The panel is illuminated from above, highlighting the buttons and labels.

Large screen or display area at the bottom of the kiosk. The screen is currently blank, but it appears to be a high-resolution display. The screen is framed by a gold border, and the kiosk's base is also gold. The screen is positioned at the bottom of the kiosk, making it easy for users to interact with.
