**isoTek® | EV03 TITAN**

Power Supply Unit (PSU) - EV03 TITAN is a high-end, modular power supply unit designed for high-performance computing systems. It features a 100% efficiency, fully modular design, and is compatible with the ATX 3.0 standard. The PSU is designed to provide clean, stable power to your system, ensuring optimal performance and reliability.

Key features include:

- 100% Efficiency: Maximizes power delivery to your system while minimizing heat and noise.
- ATX 3.0 Compliant: Supports the latest ATX 3.0 standard, ensuring compatibility with the latest high-performance CPUs and GPUs.
- Modular Design: Allows you to connect only the cables you need, reducing clutter and improving airflow.
- Advanced Protection: Includes over-voltage protection (OVP), over-current protection (OCP), over-temperature protection (OTP), and short-circuit protection (SCP) to protect your system from power-related issues.
- Quiet Operation: Features a fanless design for silent operation, making it ideal for quiet computing environments.
- Compact Form Factor: Fits into standard ATX cases, saving valuable space.

**IsoTek® | EV03 SOLUS**

IsoTek's most affordable rack-mount compliant conditioner improves audio and video signal performance and filtering speed by up to 10x, and saves working space and effort with its compact footprint of just 1U.

- Superior performance, less cost/efficiency
- 1U rack-mount design
- 100% metal chassis
- 100% metal chassis - no plastic case
- Superior performance, less cost/efficiency
- 100% metal chassis - no plastic case
- Superior performance, less cost/efficiency
- 100% metal chassis - no plastic case
- Superior performance, less cost/efficiency
- 100% metal chassis - no plastic case

**IsoTek® | EV03 SOLUS**

The IsoTek EV03 SOLUS is a 1U rack-mount compliant power conditioner that improves audio and video signal performance and filtering speed by up to 10x, and saves working space and effort with its compact footprint of just 1U.

- Superior performance, less cost/efficiency
- 100% metal chassis
- 100% metal chassis - no plastic case
- Superior performance, less cost/efficiency
- 100% metal chassis - no plastic case
- Superior performance, less cost/efficiency
- 100% metal chassis - no plastic case
- Superior performance, less cost/efficiency
- 100% metal chassis - no plastic case

Isotek® EVO3 SIRIUS

Isotek® EVO3 SIRIUS is a high performance, multi-core fiber optic cable designed for high speed data transmission. It is available in a range of lengths and core counts, and is suitable for use in a variety of applications, including data centers, industrial environments and high speed networks.

Key features include:

- High bandwidth
- Low latency
- Robust construction
- Wide temperature range
- Low loss
- High reliability

For more information, please contact your local Isotek representative.

Isotek® EVO3 SIRIUS

**IsoTek® MOSAIC GEN2-3**

The Mosaic Gen2-3 is a high-end power supply unit for your PC. It features a fully modular design, allowing you to connect only the cables you need. This makes it easy to manage your cables and keep your system clean. The Mosaic Gen2-3 is also a fully digital power supply, which means it can adjust its output voltage and current to match the needs of your system. This helps to improve efficiency and reduce heat. The Mosaic Gen2-3 is a great choice for anyone who wants a high-quality power supply for their PC.

- Fully modular design
- Fully digital power supply
- 80 Plus Platinum certified
- 10-year warranty
- 100% efficiency
- 100% efficiency
- 100% efficiency
- 100% efficiency

**Isotek GENESIS ONE**

Isotek's latest product and builds upon the technological breakthroughs of our design. In this version we have introduced the class A/B amplification circuit that with a lower power reserve generates an astonishingly low THD, <math>0.0001\%</math> AC line noise.

• 1000W continuous power and  
• 1000W peak-to-peak  
• Single ended circuiting  
• Single ended circuiting  
• 1000W continuous power and  
• 1000W peak-to-peak

• Available in UK, EU, US, Australia, Spain, and South Africa markets.
