

ELEVATE YOUR MUSIC

GREATEST HITS

MADE IN THE USA SINCE 1979

www.kimber.com

Since 1979 Kimber Kable has led the industry in innovation and quality. Our commitment to produce products of preeminent technical merit and performance has always been our focus. The techniques we use to make everything from our entry level to our flagship models are similar. Materials and methods are more refined as you go up the line which increases performance, but the design principles remain constant. Each cable is a testament to the skills of our seasoned craftsmen.

We are proud to know that our name represents the same thing to every customer: performance, quality, reliability and integrity. Our passion is rooted in a simple philosophy: develop and manufacture products that offer the highest correlation of performance and price. To reach this goal with each product requires extraordinary dedication, innovative engineering and continual investment.

Kimber Kable designs and manufactures a full range cables and connectors. Please visit www.kimber.com for a full list of our products. This brochure includes our best sellers in family style groups. We recommend these products to customers throughout the world every day. The entire Kimber staff and our network of selected dealers want you to get the best system performance possible. Contact us to hear the music you have been missing.

BASE SERIES

For the lover of music & movies.

You've yet to build that dedicated listening space but you still want to get the most out of your stereo or home theater system.

Kimber Kable's Base series furnishes entertainment systems with a more natural sound than any other cable system on the market, rounding out the rough edges and imbuing your system with warmth and character.

ASCENT SERIES

For the dedicated music fan.

You have a quality music system in a dedicated space. Now it's time to tweak the details to make your good components sound great.

Kimber Kable's Ascent series presents you with a musical experience that is clear and accurate, heightening your musical satisfaction.

SUMMIT SERIES

For the discerning audiophile.

You've done your research and purchased your key components. Now it's time to invest in the perfect cable to elevate your system from awesome to amazing.

Kimber Kable's Summit series offers you the purest imaging and the most natural soundstage of any cabling system available, allowing you to hear every last detail in your music.

WHICH SPEAKER CABLE DO I NEED?

LARGE

Recommended:
12VS, 12TC,
MONOCLE XL,
BIFOCAL XL

MEDIUM

Recommended:
8VS, 8TC,
MONOCLE X,
BIFOCAL X

SMALL

Recommended:
4VS, 4TC

POWER CABLES

SOURCE COMPONENTS
0-200W

PK14

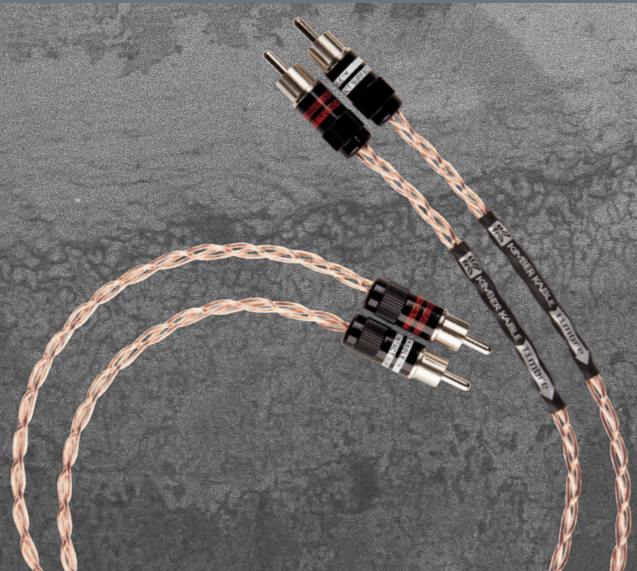

AMPLIFIERS
200W+

PK10

INTERCONNECTS

TIMBRE

Open, natural sound
VariStrand copper with FEP dielectric
Non-shielded 3 wire braided geometry
RCA & XLR versions available

INTERCONNECTS

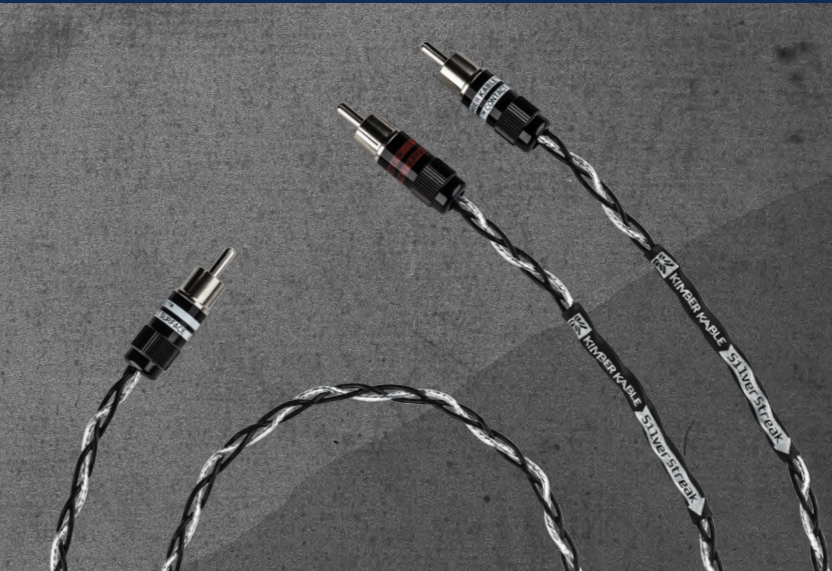

HERO

Even tonal balance with deep sound stage
VariStrand copper with FEP dielectric
Non-shielded 4 wire braided geometry
RCA & XLR versions available

INTERCONNECTS

SILVER STREAK

Smooth, with holographic sound stage
VariStrand copper & silver with FEP dielectric
Non-shielded 3 wire braided geometry
RCA & XLR versions available

POWER CABLES

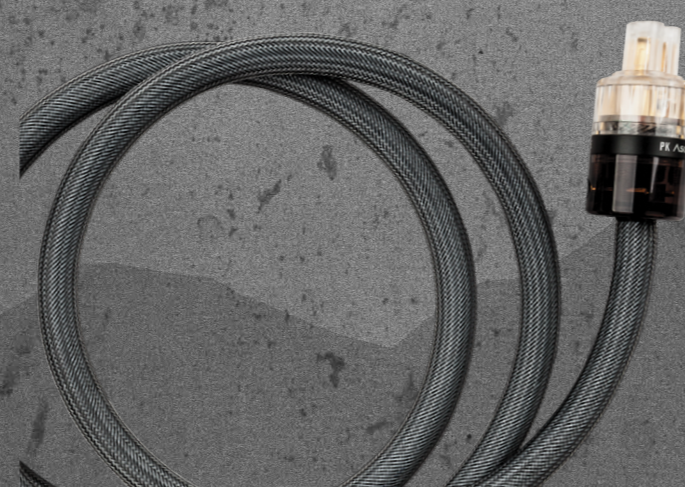

PK BASE

Reduced noise floor
Copper with chroma free PE dielectric
WattGate evolution connectors

POWER CABLES

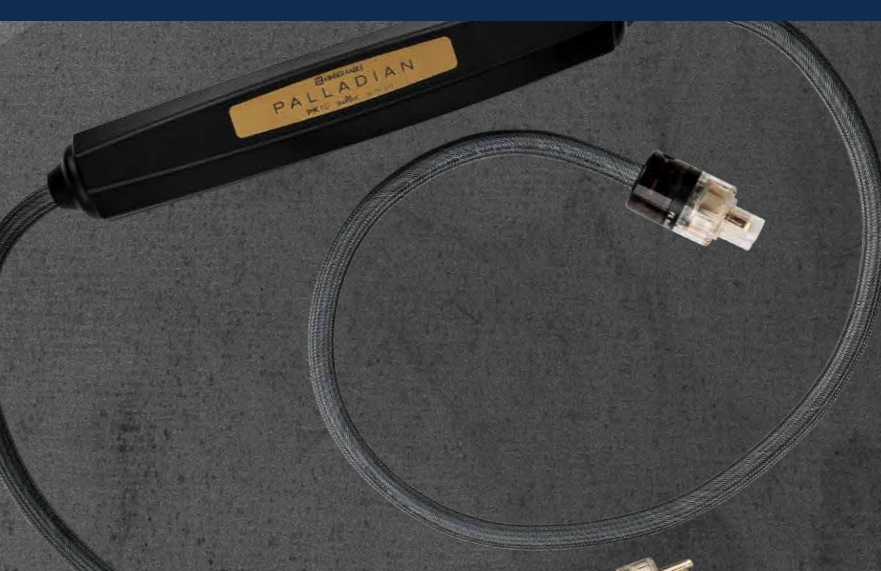

PK ASCENT

Improved dynamics
Copper with chroma free PE dielectric
WattGate evolution Audio Grade connectors

POWER CABLES

PK PALLADIAN

Black backgrounds
Copper with chroma free PE dielectric
WattGate evolution Audio Grade connectors

SPEAKER CABLES

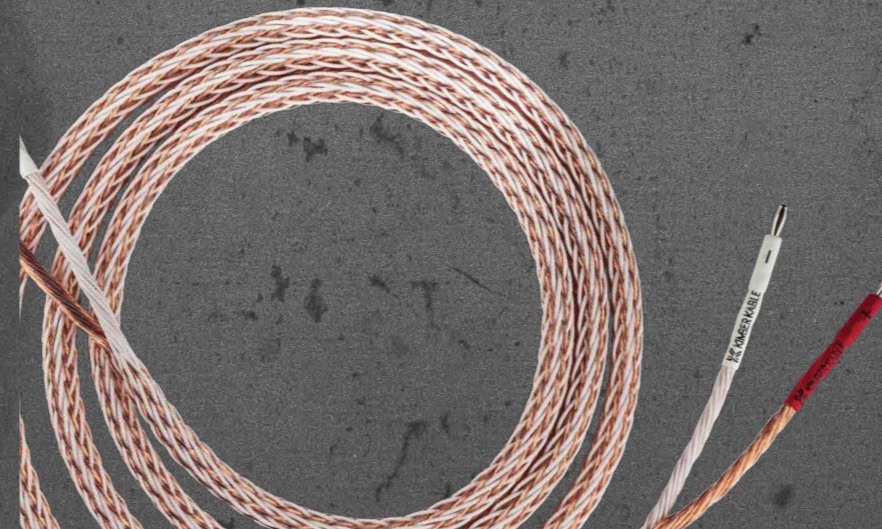

VS SERIES

Improved detail with a bit of forgiveness
VariStrand copper with PE dielectric
Braided geometry

SPEAKER CABLES

TC SERIES

Tight, clear, accurate sound
VariStrand copper with FEP dielectric
Braided geometry

SPEAKER CABLES

SUMMIT SERIES

Best of both worlds with better imaging
uses TC & VS conductors
VariStrand copper with FEP & PE dielectric
Large format braided geometry with stabilizing core
