WEISS

INT204

USB to AES/EBU and S/PDIF interface

- DSD64 and DSD128 to PCM conversion
- up to 384 kHz sampling frequency
- Central remote control for volume
- selectable sampling frequency for DSD to PCM conversion

WEISS Technik
Model 5000 DAC
Digital-to-Analog Converter
with 24-bit resolution

Weiss Engineering

OEM products from Weiss Engineering Ltd.

Electronics for active speakers with digital crossovers
All in one system for active speakers

USB to AES/EBU Interface

D/A Converter

www.weiss.ch

Discrete Operational Amplifier

DAC301 / DAC502 D/A Converters

DSP501 / DSP502 D/D Signal Processors

The new DAC Converters and Digital Processors from Weiss
with digital D/A converter, digital crossover and
signal processing capabilities such as:

- Room Acoustic Control System (RACS)
- Parametric Equalization
- Loudspeaker Compensation
- Frequency Limiting for protection
- Dynamic Range Compression
- Phase Inversion
- Phase Inversion for protection
- Phase Inversion for protection

And more...

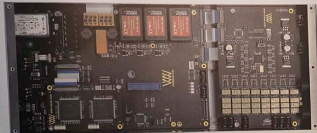

- **Power Supply**
The new power supply modules offer excellent power regulation and
low noise performance. They are available in two versions:
- 100W and 200W
- 100W and 200W

DSP501/DSP502: AES/EBU and LVPECL outputs,
no analog outputs.

DAC501 / DAC502 D/A Converters

DSP501 / DSP502 D/D Signal Processors

The new D/A Converters and Signal Processors from **Weiss** with incredible sonics, discrete electronics and **signal processing** capabilities such as:

- * Room Equalizer, Creative Equalizer (Tone Control)
- * Vinyl Sound Simulator
- * Crosstalk Cancelling for a Live listening experience
- * De-Essing, to get rid of sibilances
- * Constant Volume, for night time listening
- * Loudness Control
- * Headphone specific processing such as Equalizer, Crosfeed, Mid/Side Processing, Reverberation

And more:

- * **Room Ready**
- * All standard input formats including USB and Ethernet for direct streaming of files and Internet streams (Tidal, Qobuz, radio etc.)
- * Line and Headphone outputs
- * Web interface

**DSP501/DSP502: AES/EBU and S/PDIF outputs,
no analog outputs**
