

Classic 2

The Classic 2 is the most cost-effective way to experience the incomparable sound quality of Dan D'Agostino Master Audio Systems. Its core technologies are heavily based on the design of D'Agostino's acclaimed Momentum amplifiers. The sound combines the immense power and current needed to drive even the most exotic speakers with a subtle, sweet musicality normally associated with much smaller amplifiers. With the Classic 2, there is no need to worry about finding the right amplifier for your speakers...because the Classic 2 is the right amplifier, no matter what speakers you own.

As its name suggests, the Classic 2 is a purist stereo amplifier, built into a basic yet attractive and rugged enclosure. Fronted with an elegant faceplate the Classic 2 makes for an elegant addition to any high performance audio system. It's the simplest, most affordable way to get true D'Agostino quality: essential two-channel sound, with delicacy and dynamics that will please the world's most sophisticated audiophiles. No frills. Pure performance.

Like every product from Dan D'Agostino Master Audio Systems, each Classic 2 is built by hand in our Arizona factory by a team of dedicated technicians and craftsmen.

Finish	Black
Power	300 watts @ 8 Ω , 600 watts @ 4 Ω , 1,200 watts @ 2 Ω
Frequency Response	1 Hz to 200 kHz, -1 dB, 20Hz to 20 kHz, \pm 0 dB
Distortion	< 0.1% at 1 kHz, 300 watts/8 ohms
Signal-to-Noise Ratio	100 dB, unweighted
Inputs	2 balanced XLR
Input / Output Impedance	100K Ω / 0.12 Ω
Dimensions / Weight	11.5 x 19 x 20 inches / 108 lbs
