Remote Power Amplifier Board

**CH**  
A1 Amplifier  
This is the main amplifier board for the system. It contains the main amplifier circuitry and is connected to the power supply and the speaker outputs.

**CH**  
E1 Power Supply  
The power supply is responsible for providing the correct voltage and current to the amplifier and other components. It is a high-quality, low-noise power supply.

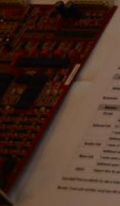

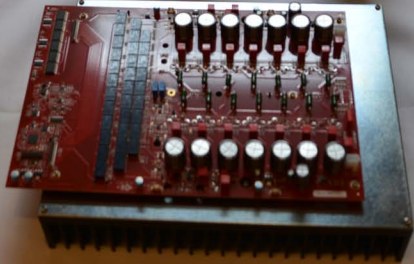

**CH**  
D1 MCD / CD Drive  
The MCD / CD drive is used for playing compact disc (CD) and mini-compact disc (MCD) audio discs. It is a high-quality drive with a long lifespan.

**CH**  
E2 Power Supply  
The power supply is responsible for providing the correct voltage and current to the amplifier and other components. It is a high-quality, low-noise power supply.
