

Cult Soundboard now available in custom lengths

Hohorizontal 51 in five new sizes and with subwoofer output

finite elemente is now offering a new dimension in sound integration. **Hohorizontal 51**, the soundboard that won the prestigious reddot design award, is now available in additional five sizes. The aptly named **Hohorizontal 51 Plus** is the perfect solution for lengths of up to 2080 mm and ideally suited for integration in the home entertainment field. And the sound experience is even more impressive thanks to the improved stereo width. But there is even more: The popular wallboard with integrated sound system now has a subwoofer output for connecting all standard subwoofers. For even more sound.

Hohorizontal 51 Plus is available in more than twenty high-quality lacquer finishes (matt or high-gloss) and in

two classical real-wood veneers. For even more design. And while the wallboard is busy saving space and elegantly complementing the rest of your furnishings, you can enjoy the clear and rich sound from your iPod, iPhone, MP3 player, TV or computer. And with no appliances or visible wiring to distract you. The sound is convincing. And to perfectly round off your room design, the Solo 51 is a matching shelf without sound function. Perfect integration.

The **Hohorizontal 51 Plus** soundboard is supplied complete with an adjustable wall bracket. The **Hohorizontal 51 Plus** is easy to operate using the remote control supplied.

Hohorizontal 51 Plus is an item of audio furniture perfect for discerning music-lovers, film-fans and design aficionados. And the integrated hi-fi features are convincing. **Hohorizontal 51 Plus** is available for ordering now. The delivery period is 6 to 8 weeks as every **Hohorizontal 51 Plus** is manufactured individually in accordance with the customer's wishes.
