

BEST STEREO AMPLIFIER £500-£1,000

Arcam DiVA A90

PRICE £850 TYPE Integrated amp CONTACT ☎ 01223 203200 @ www.arcam.com

Arcam's current range of amplifiers offers a masterclass in how to produce a delightfully slick and flexible user interface without impinging on sound quality. The A90 is perfect example: a stereo amp that's a joy to use, with a sound that's clean, smooth, detailed and involving. In last issue's *Ultimate Group Test* it continued to slay the opposition, our 'blind' listening panel remarking upon its beautifully judged sound. The ability to convert to multichannel via an optional 7.1 module is the icing on the cake.
