

# IsoTek<sup>®</sup> | ULTIMATE

## EXCEEDING YOUR EXPECTATIONS

Following more than a decade of award-winning excellence, IsoTek has unleashed the Ultimate range – the final word in ultra-high-end power cleaning components. Revolutionary technology and unrivalled expertise have created two cutting-edge solutions able to completely transform the performance of any high-quality audio or AV system.

Super Titan dramatically improves upon the original Titan Direct-Coupled<sup>®</sup> design circuit. And then there's Genesis: the world's first ultra-low-distortion, multiple mains generator, which creates from a zero point a totally pure re-built mains sine wave.

Whatever your budget, IsoTek delivers the world's best power cleaning solutions for lovers of high-quality sound.

## EV03 SUPER TITAN

Hi Fi World  
5 Globe Winner

Super Titan is the ultimate statement in high-current power conditioning technology, delivering extremely low-impedance, high-current power conditioning for high-end power amplifiers, with a transient ability of 35,500W. Super Titan is the world's most powerful audiophile mains conditioner.

- Removes both Common Mode and Differential Mode mains noise.
- RFI reduction 85dB.
- Independent outlets – no outlets are connected together, stopping Differential Mode mains noise cross-contamination.
- Unique conditioning network incorporating a group of four seven-stage filters in a series parallel configuration, delivering extremely low-impedance, high-current power.
- KERP® (Kirchoff's Equal Resistance Path) ensures equal resistance and equal power delivery across all outlets.
- 135,000A of instantaneous protection, featuring IsoTek's unique sequential protection system with earth fault protector.
- Four outlets delivering 7,360W continuous power with 35,500W transient ability.
- Unique ISIS® isolation system – totally eliminates resonance from the sub-chassis of Super Titan.
- Available with 32A, UK, EU and US outlets.

“What I heard surprised and shocked me – for the first time, I was listening to the music and not the hi-fi.”

HI-FI WORLD MAGAZINE

“IsoTek's Super Titan is awesome. We'd say Super Titan will improve the sound of any hi-fi system it's used with. It will allow you to hear exactly how your equipment is performing.”

## EV03 GENESIS

A revolutionary benchmark in clean-power technology for high-performance audio and AV systems, Genesis creates an entirely new, extremely low-distortion mains sine wave using multiple generators – a unique component, and uniquely effective.

- Removes both Common Mode and Differential Mode mains noise.
- Exceeds 85dB of noise reduction, extending down to zero Hz.
- Stabilizes voltage to 230V +/- 2%.
- Independent outlets – no outlets are connected together, stopping Differential Mode mains noise cross-contamination.
- 600W of totally clean power for front-end components.
- World's first multiple mains generator.
- Unique ISIS isolation system – totally eliminates resonance from the sub-chassis of Genesis.
- Available with UK, EU, US sockets.

“Genesis represents the ultimate statement in clean power technology. For the first time no upper limit was set, only to design the world's best power cleaning system. There is nothing like Genesis, it is truly a revelation.”
