

Q Sub 15 & 18

The QSub 15 and QSub 18, as you might imagine from their names, boast fifteen - and eighteen - inch drivers, respectively - two drivers per QSub, that is - with a staggering total cabinet weight of 350 and 570 pounds apiece.

And all of that heft is housed within chassis measuring for the QSub 15 22"H x 27"D x 22"W and 25.4"H x 37 D x 25.4"W and QSub 18 -seriously, not much bigger than you would expect for dual-driver subs.

So, wherefore the heft? Mostly, it's the fact that those drivers are mounted in two-inch thick aluminum baffles. That, combined with the fact that both drivers in each sub fire adversely in phase, leads to a sub with minimal resonance, lower internal pressure, and virtually no enclosure warping.

As a result, the QSub 18 is capable of outputting a staggering 136 dB of bowel - assaulting bass, with reported total harmonic distortion of

less than 1 percent at 20Hz, and usable low frequency extension down to a HULK SMASH 15Hz.

The QSub-18 weighs over 550 lbs. and has massive power handling capability of 8,000W. The QSub can reach an internal sound pressure level of to 175dB - the equivalent of a commercial jet at takeoff - with less than 1% displacement of common enclosures.

Two massive woofers, each capable of 34mm of linear excursion and handling power of 8,000 Watts, are mounted in 2" thick aluminum baffles and fire adversely in phase to cancel out driver - borne resonances and lower the tremendous internal pressure.

Both the QSub 15 and QSub 18 can be ordered in Magico's M CAST range of satin colors or the company's signature hard black anodized finish. Both should begin shipping in the fourth quarter of 2013, with the QSub 15 retailing for \$22,000 and the QSub 18 for \$36,000.

SPECIFICATIONS:

Driver complement: 2 x 18" QSub-18; 2 x 15" QSub-15

Sensitivity: 90dB

Impedance: 4 Ohms

Frequency Response: 15 Hz - 150 kHz

Dimensions QSub-18: 25.4"H x 37"D x 25.4"W
(65cm x 94cm x 65cm)

Net Weight: 570 lbs. (258 kg.)

Dimensions QSub-15: 22"H x 27"D x 22"W
(56cm x 69cm x 56cm)

Net Weight: 350 lbs. (158 kg.)
