

MARTEN

## DJANGO L

Django L follows in the footsteps of Django XL, but not in its shadow. Django L is a true Marten speaker harnessing formidable power and performance at the competitive retail price \$8.990/pair (€6.500) - it demands to be heard!

Two way, with specially designed bass units from Norwegian SEAS and a ceramic tweeter from Accuton, the Django L is with no doubt a new successful Marten speaker.

Sound Advice will exhibit Django L in Venetian suite 29-227.

### Technical specifications
