

A vertical promotional banner for NAGRA. At the top, the word "NAGRA" is written in a red, stylized font. Below it is a photograph of a silver NAGRA audio component. The slogan "...Expressing life" is printed in white below the image. At the bottom of the banner, it says "Swiss made since 1951" and "www.nagraaudio.com".

Two men in dark blue polo shirts and lanyards stand in the center of the booth. They are wearing name tags and have their hands in their pockets.

The man on the right is wearing a watch on his left wrist and has his left hand in his pocket.
