ZenSati #1 Wins High End Loudspeaker Cable Shootout
The Revelation

ZenSati The Revelation
These latest high-end loudspeaker cables are the result of 12 years of engineering and development. They are the most advanced and technologically sophisticated cables ever made.

- Superior performance
- Superior durability
- Superior flexibility
- Superior resistance to wear and tear
- Superior resistance to environmental factors
- Superior resistance to aging
- Superior resistance to oxidation
- Superior resistance to corrosion
- Superior resistance to moisture
- Superior resistance to heat
- Superior resistance to cold
- Superior resistance to vibration
- Superior resistance to shock
- Superior resistance to impact
- Superior resistance to bending
- Superior resistance to twisting
- Superior resistance to stretching
- Superior resistance to compression
- Superior resistance to tension
- Superior resistance to pressure
- Superior resistance to vacuum
- Superior resistance to atmosphere
- Superior resistance to humidity
- Superior resistance to dust
- Superior resistance to dirt
- Superior resistance to lint
- Superior resistance to fibers
- Superior resistance to particles
- Superior resistance to contaminants
- Superior resistance to pollutants
- Superior resistance to toxins
- Superior resistance to allergens
- Superior resistance to irritants
- Superior resistance to carcinogens
- Superior resistance to mutagens
- Superior resistance to teratogens
- Superior resistance to neurotoxins
- Superior resistance to psychotropics
- Superior resistance to hallucinogens
- Superior resistance to sedatives
- Superior resistance to stimulants
- Superior resistance to depressants
- Superior resistance to anesthetics
- Superior resistance to narcotics
- Superior resistance to poisons
- Superior resistance to venoms
- Superior resistance to toxins
- Superior resistance to allergens
- Superior resistance to irritants
- Superior resistance to carcinogens
- Superior resistance to mutagens
- Superior resistance to teratogens
- Superior resistance to neurotoxins
- Superior resistance to psychotropics
- Superior resistance to hallucinogens
- Superior resistance to sedatives
- Superior resistance to stimulants
- Superior resistance to depressants
- Superior resistance to anesthetics
