

# P R I M A R E

THE SOUND AND VISION OF SCANDINAVIA

## New Product Announced

### A35.2 Stereo Amplifier

**A35.2 balanced input bridgeable stereo amplifier** is the most powerful amplifier we have designed utilizing the new proprietary UFPD 2 analog class D amplification technology. Able to provide immediate and sustained power high power output with very low distortion, instantaneous rise time and absolutely linear amplification across the entire bandwidth resulting in a naturally fast, clean and agile sound over an ultra-wide frequency range and with exceptional headroom, A35.2 is capable of bringing to life even the most demanding loudspeakers. Featuring balanced inputs and bridging capabilities, the A35.2 produces 200 watts into 8 ohms and 400 watts into 4 ohms, with bridged output of 800 watts into 8 ohms.

MSRP: TBA
