## ***New Firmware Release ...***

For both **Primare I32mm30** and **PRE32mm30**

With this brand new firmware your dealers and their customers will experience their I32mm30 and PRE32mm30 in a completely new way when using the Primare App. In short: the difference in functionality is so great that your experience will be the same as if you had bought a completely new product!

You will be able to enjoy direct input selection, digital offset, direct access to menu functions, real time information update on the OLED display when streaming, and online firmware updates from Primare App. Besides that you will be able to use Spotify as well. A separate Spotify newsletter will follow asap.

You will find full information and "how to get it" on:

Website: <http://www.primare.net/product.asp?ProductID=59&d=5&c=4>

YouTube: <http://youtu.be/v8x-VQ4r5Ts>

***\*\*\*The Primare App is available from Apple Store and Google Play\*\*\****
