

# P R I M A R E

THE SOUND AND VISION OF SCANDINAVIA

## New 15 Series models

### SC15 Prisma

**SC15 Prisma** is a full-featured pre-amplifier and network player featuring WiSA wireless speaker connection technology. Employing Prisma control and connectivity, advanced digital to analog conversion, and, with its three-quarter sized cabinet, the SC15 Prisma not only continues a Primare tradition of delivering astonishing performance from compact and elegant devices, but also offers even greater possibilities for easy installation into virtually any and every room of the house. With the option of variable or fixed output: in variable output mode it can be paired with a pair of powered speakers for a compact digital music system; or in fixed output mode it serves as a stored or streamed digital music source for a more complex system. MSRP €1500

### CD15 Prisma

**CD15 Prisma** is an integrated digital music source, combining compact disc and stored or streamed media playback. Employing Prisma control and connectivity technology, advanced digital to analog conversion, and, with its three-quarter sized cabinet, the CD15 Prisma not only continues a Primare tradition of delivering astonishing performance from compact and elegant devices, but also offers even greater possibilities for easy installation into virtually any and every room of the house. With the option of variable or fixed output: in variable output mode it can be paired with a pair of powered speakers for a compact digital music system; or in fixed output mode it serves as a complete digital music source for a more complex system. MSRP €1750
