Primare AIR + TIDAL HiFi

Redeem Your Complimentary Three-Month Introductory TIDAL Hi-Fi Subscription*

Primare's AIR app enables playback of high-resolution streaming services through any of Primare's network-enabled digital devices, including the NP30 network player, MM30 media board installed in either the I32 integrated amplifier or the PRE32 preamplifier, and the PRE60 reference preamplifier. For more info go to primare.net

AIR completes Primare's suite of digital playback offerings, already including the Primare APP and Bluetooth connectivity, which make it easy to enjoy to the fullest today's digital listening options, like TIDAL HiFi.

TIDAL is a global streaming service, available in 50 countries, with a catalog of more than 40 million songs and nearly 130,000 videos. The service offers high-fidelity CD sound quality, high-quality video, unique experiences, and expertly curated content and editorial. For more info go to tidal.com

To get started, download AIR for free from the App Store or Google Play. Then e-mail your name, Primare product model [PRE60, NP30, I32/MM30, or PRE32/MM30] and its serial number to us at info@primare.net

We will send you a voucher code by return e-mail to redeem your complimentary three-month introductory subscription for TIDAL.

* This offer available only to new Tidal subscribers
