

# P R I M A R E

THE SOUND AND VISION OF SCANDINAVIA

## New Product Announced

### R15 MM/MC Phono Preamp

**R15 MM/MC phono preamp** although housed in our compact three-quarter sized 15 series cabinet, the same care and craft used to design the larger and somewhat more capable R35 MM/MC phono preamp informs the R15, allowing all circuits to work sympathetically together for superior sound and greater fidelity. With sufficient gain to amplify the signal from virtually any moving magnet or moving coil phono cartridge and flexible input adjustment available for ideal system matching. MSRP: TBA
