75th Anniversary - Diamond Series Model 12

The celebration of SME at 75 years continues with the launch of another anniversary turntable, The Diamond Series Model 12

The 75th diamond anniversary is a significant milestone in the long history of SME with many great achievements made and still being made from inception in 1946 to becoming a premier and unique high end audio company today.

In celebration of our illustrious past and exciting future we are proud to announce the release of another exclusive diamond anniversary turntable developed from the highly successful Model 12. The Diamond Series Model 12 is machine finished to demonstrate the definitive precision machining, sharp lines and creative cosmetic profile. The hand finished fine detail is an expression of the craftsmanship that SME is famous for and the black chrome contrast highlights and compliments this distinctive audio engineering masterpiece.

The Diamond Series turntable range is a celebration and demonstration of SME precision engineering, traditional craftsmanship and audio excellence.

Available May 2021

Suggested Retail Price:
Diamond Series Model 12 £10,024.38 GBP
