## Diamond Anniversary Model 15A

*SME's 75<sup>th</sup> Diamond Anniversary celebration continues with the launch of the Diamond Series Model 15A.*

*The Diamond Anniversary is a significant milestone in the long history of SME with many great achievements made from inception in 1946 to becoming a premier and unique world class audio company today.*

*In celebration of our illustrious past and exciting future we are proud to announce the release of an exclusive Diamond Anniversary turntable developed from the highly acclaimed Model 15. The Diamond Series Model 15 is machine finished to demonstrate the precision engineering, definitive sharp lines and cosmetic profile. The hand finished fine detail is an expression of the handcrafted skills that SME is famous for, the black chrome contrast highlights and compliments this distinctive precision audio masterpiece.*

*The Diamond Anniversary Model 15A is a celebration and demonstration of precision engineering, traditional craftsmanship and audio excellence at its best.*

Limited availability from December 2021
