

SHINDO LABORATORY

## Apetite 6V6 Push Pull Stereo Line Amplifier

Finally a way for many music lovers to get into the Shindo line without sacrificing the amazing qualities that only Shindo Laboratory is capable of. 15 watts per channel into 8 ohms with three line inputs.

What if we told you, you could have it all; Balance, clarity, perspective, dynamics...The entire musical message pure and unadulterated. Dramatic tension, ebb and flow, even boogie with Stu. The musical works. Shindo amplification will accommodate every musical goal and most sensible budgets.

The no nonsense, uncluttered, approach in regards to aesthetics resonates with those who appreciate the timeless quality of Shindo Labs products. From the tangible reassuring click of the power switch, tactile and precise input switching, silky smooth volume control and hand wired internal construction, Shindo Labs products exude craftsmanship of the highest order.
