Digital-Player 540

The development of the new product line 5xx is moving forward. The first prototype of the Digital-Player 540 will be on display during the Highend 2010 in Munich. Please come and convince yourself that the "small" player fits very well into soulution product range.

The new Digital-Player will be available from serial production towards Q4/2010.

Target retail price approx.:
EUR 17'500

Highend 2010 Munich

You are highly welcome to visit us at Highend in Munich. Our room is **Atrium 4, E107**. This year we will show a big system with 4 mono amplifiers 700, 721, 745 and 750 driving the Magico M5.

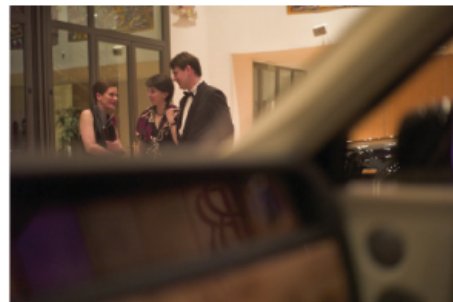

In the room of our German distributor WOD Audio, **Atrium 4, E 109**, we will have another complete soulution setup.

We are looking forward to meeting you at the show.

April 2010

Rolls & Royce Event

Soulution had been invited to represent its products at the celebration of the Rolls & Royce brand at Montreux Palace - Switzerland. It was one of the first official presentations of their brand new car Ghost.

There were 220 guest thereof
180 R&R owners.

Reviews

HIFI & HIVI Monthly (Taiwan):
The SACD-Player 745 did get a brave review and was selected for the "Best Sound" award due to its outstanding sonic performance.
