Introducing the Bach Grand - *Symphony Edition*

Named for one of the most critically and famous composers in Western music, the Bach loudspeaker has always been one of our most important models. From the early days of our first generation Bach Classic in 1995 to the second generation Bach Grand, performance and high value have always been hallmarks of this model.

Today we are introducing our third generation Bach loudspeaker, the Bach Grand - *Symphony Edition*. Built upon the legacy of the original model, the new Symphony Edition breaks new ground.

As with all of our designs, at the heart of this new model are the drivers. In the Bach Grand - *Symphony Edition* we have our first 6.5" X3P Spider Cone™ mid-woofer. After over a year of research and development, we have finally created the perfect combination of speed and strength. The result is a midrange with our customary clarity and warmth combined with bass extension, speed and power never before available via a single mid-woofer.

In addition to this new mid-woofer, we have made further refinements in our proprietary neodymium tweeter and of course further simplification of the crossover with special attention to better than 1% tolerance parts.

The sound of this new Bach is immediately recognizable as an extension of our classic, but also exemplifies much of what we have learned in over twenty years with greater speed and resolution combined with art. The Bach Grand - *Symphony Edition* is destined to become our newest classic.

Vienna Acoustics - The Art of Natural Sound™

Technical Information

Impedance	4 Ohms
Frequency Response	35Hz – 20kHz
Sensitivity	90dB
Recommended Amplifier Size	30 – 150 Watts
Tweeter	1" Hand Coated/ Neodymium VA Silk Dome
Mid-woofer	6.5" X3P Spider- Cone™
Bass System	TBR – Twin Balanced Reflex
Bass Function	Impulse Optimizing QB 3 (Quasi- Butterworth)
Crossover System	Two-way, 6dB and 12dB Bessel
Crossover Components	MKP Capacitor 1% Tolerance Coils 0.7% tol., Air Coils Metal Film Resistors 1% Inductance Free
Weight per Pair	82lbs/37.2kg
Dimensions (W x H x D) inches	7.4" x 34.6" 9.8"
Dimensions (W x H x D) mm	188mm x 878mm x 250mm
Finishes	Cherry, Rosewood, Piano Black and Piano White
